Results of Telephone Strike Vote Watched With Interest Here

Thirty employees in the Antioch telephone office will be affected by the decision of the Illinois Telephone Traffic union, which is voting this week as to whether or not there will be a statewide strike. The ballots from this and other communities outside of Chicago will be sent to the Chicago district offices of the National Labor Relations board for compilation by Saturday. Chicago operators are to cast their votes by direct ballot Friday.

In a visit to Antioch Wednesday morning, A. L. Simpson, district manager for the telephone company, stated that the principal difference between the company and the telephone unions in previous arbitration was in regard to the amount to be paid to operators and other employees in the form of a raise.

A telephone company memorandum furnished by Simpson calls attention to the fact that a detailed hearing on the issues involved was held Aug. 14 by the National telephone commission.

The union had requested a raise of \$6.00 per week for all employees, he explained, and it is still standing by its original request. The company had, however, he said, expressed itself as willing to abide by a recommendation from the telephone commission calling for increases of \$4.00 per week for operators and Central office employees, except for one grouping of small towns, which would receive \$5.00. The recommendation also called for increases of \$2.00 for certain clerical groups and \$3.00 for certain other clerical groups outside the Central offices, and advised a reduction in the length of time normally taken to reach maximum salaries.

Rescue Squad Finds Automobile at Accident Scene, Occupants Gone

The Antioch Rescue squad received its first call in several days Friday evening at 11:30 o'clock when it was summoned to Highway 59 north of Beach Grove road to bring the Misses Mary Ryan, Bernice Palaske and Phyllis Stastny and their companion, Richard Olson, into Antioch to receive treatment for cuts and bruises received in an automobile mishap.

The four were riding north in a 1936 Terraplane coach driven by Miss Ryan when the latter lost control of the car, which struck the ditch and overturned.

Arriving at the scene, the squad members were somewhat baffled to discover the car, but not its occupants, who had already flagged down two passing automobiles and had been taken to Dr. W. F. Kraemer's office in town.

The call had been put in by Jack Wendt.

All of the young people were reported this week to be recovering from their injuries. The car was badly damaged.

News to be Printed Wednesday Next Week

Because of the observance of the Thanksgiving holiday on Thursday, The Antioch News will be published on Wednesday next week, and advertisers and contributors are being requested to bring in their material for publication as early as possible. The deadline for classified advertising will be 12 o'clock noon on Wednesday. Other material should be brought in by Tuesday or first thing Wednesday morning, at the latest.

Large Audience Applauds Junior Class' "Janie"

Comedy of Teen-Agers'
Tribulations Is Enjoyed
by Many

The funny—and sometimes not-so-funny—side of war's impact on the high school generation was presented with a light touch in the three-act farce-comedy "Janie," which the Junior class of Antioch Township High school presented before a packed house Thursday evening and which was again attended by a large audience Friday evening in the school auditorium.

The "impossible" situations which Janie, teenage daughter of the Colburns, succeeds in creating for herself are the main motivation for the play, which was directed by Samuel Wenet. An underlying plot has to do with the efforts of Janie's father to secure a priority for a new press for his publishing concern.

Elizabeth Ring took the title role of Janie, who is distracted between her interest in a young soldier, Dick Lawrence (played by Jerry Pregoner), and her affection for her high school friend, "Scoop" Nolan, (Leonard Mattson) whose ambition is to join the air corps.

A secondary romance in the story is that of John Van Brunt (Raymond Ohlgren), Colburn's managing editor, and Thelma Lawrence (Geraldine Sass), Dick's mother, who was maid-of-honor at the Colburns' wedding 20 years earlier.

Services for Mary L. Nedbal To be held Sat.

Had Been Ill Several Weeks
Body to Lie in State
Here

During the five years that she had made her home in Antioch, Mrs. Mary L. Nedbal had made many friends, and word of her death Tuesday night in St. Therese hospital was received by many residents here with the feeling that in her passing the community had lost a cheerful and inspiring personality.

Mrs. Nedbal survived by only 11 months the passing of her husband, Vincent F. Nedbal, who died Dec. 15, 1944. They are survived by their daughters, Lucille, Dorothy and Frances.

Employed at King's

She was employed at King's Drug store. She and her husband, who was a World War I veteran, both had been active in Legion affairs.

Mrs. Nedbal was born in Chicago, Feb. 6, 1900, and was the daughter of Michael and Mary Donohue. A sister, Edna, and a brother, Michael, live in Chicago.

Mrs. Nedbal underwent an appendectomy several weeks ago and was apparently making a favorable recovery which was, however, retarded by complications, including a diabetic condition. Her return to her home, however, had been expected when her condition suddenly took a turn for the worse.

The body will lie in state in the Strang Funeral home until time for the services, which will be held Saturday at 10 a. m. in St. Peter's church. Burial will be in Mt. Carmel cemetery.

Elberta Strahan, 90, Passes Away At O.E.S. Home

Tuesday for Former
Township Resident

Brought here for the final tributes of relatives and friends who throughout her lifetime held her in high esteem, the body of Mrs. Elberta Strahan, 90, was taken to its resting place in Union cemetery, Hickory, Tuesday after services at 2 p. m. in the Strang Chapel.

The Rev. Warren C. Henslee, pastor of the Antioch Methodist church, where Mrs. Strahan was enrolled in the parish membership for 62 years, delivered the eulogy. Eastern Star rituals were conducted by the Antioch chapter, of which Mrs. Strahan was a member for many years.

Mrs. Strahan passed away Sunday morning in the Eastern Star home in Macon, Ill., where she had lived since 1940.

She was born near Antioch and spent most of her life in this community.

Of recent years she had been confined to a wheel chair, but endeavored to the last to keep up her contacts with friends by correspondence.

Armistice Day's Meaning Is Told by Navy Speaker

"I never realized the meaning of Armistice Day until I looked over the railing of a ship and saw a life jacket floating, with the name of a sailor in the United States navy stenciled on it," Lt. Robert S. Otto of Great Lakes told students at Antioch Township High school in an Armistice Day program sponsored by the Antioch Legion post and auxiliary Friday afternoon at 2:30 o'clock.

Lt. Otto expressed it as his belief that "peace will not be maintained without maintaining an adequate army and navy," and added "I may be seeing some of you over at Great Lakes some time!"

Gold star mothers were honored at the program.

Patriotic selections were played by the high school band, under the direction of Hans von Holwede.

If It Ain't Asking Too Much

While talk is going on in terms of millions with regard to gigantic post-war projects, we'd like to add our respectful little request for savings in government spending, even if only by the thousands, hundreds, tens or single dollars.

And we don't mean only the federal government. We wouldn't be surprised but what there could be some savings effected by more than one state government. And maybe by even some counties and smaller units.

Outright economies aren't the only thing we've been thinking the voters have a right to ask for, either. We kind of figure there are some places in government spending where the folks who pay the bills haven't exactly been getting their money's worth.

Somewhat, there seems to have been an effort made—leastways, that's how it looks to us—to make the guy who asks for a little economy in government feel a bit unpatriotic.

Well, we realize that there are times when money has to be spent—but sometimes it occurs to us that the plain John Q. Citizens have a right to know what's being done with the substantial sums they pay out of their hard-earned incomes—and that they also have a right to ask for the best government they can get for what they invest.

We realize that many agencies of the govern-

ment have made and are making a valiant effort to cut down waste and to salvage something out of the waste of war.

Still, we figure, we ain't askin' too much, after we hand the govt. a \$, when we ask to have it spent wisely.

November's Nice, Too

Autumn has a sober sort of beauty. None of the wistful charm of spring, or summer's lavish greenery. But there is a quietness about the gray and brown fields, a peaceful look about the long, rolling stretches of land and the farmyards where machinery no longer clanks and rattles with the bustle of harvest time.

Sometimes we like to think that this is the time of year when old mother Nature sits down and folds her hands for a little rest after the busy time she has had all summer.

At any rate, we never could agree with those who find late autumn "desolate." Though it isn't as gay as "October's bright blue weather," nor so opulent as September with its loaded orchards and late-blooming flowers, we still think November is a mighty nice month.

And besides, it has Thanksgiving.

Night Police Protection

The Antioch village council's decision not to postpone any longer the adding of a full-time night policeman to the local law enforcement staff has impressed us as an important step in the community's post-war progress toward a "bigger and better" town.

There have been several instances of wanton vandalism reported, including the breaking of windows in the shelter house or chapel in Hillside cemetery. There have been some major burglaries, with substantial loss to business owners, and a number of cases of breaking into buildings and of malicious mischief.

We believe that some of these instances, at least, could have been prevented by around-the-clock police protection.

Mr. and Mrs. Frank Mattis and daughter Francis Louise, Chicago, spent the weekend with his parents, Mr. and Mrs. John Mattis and sister,

Mrs. Theresa Hubbard the former being recently discharged from the navy. Mr. and Mrs. Allen Copper were

Kenosha visitors Thursday. Mrs. Fred Nolte spent Friday in Waukegan.

Here are the answers—based on the most recent information we have received.

As you probably know, most appliance manufacturers have encountered problems in converting from war to peace production. It's not easy, for example, to convert from the production of radar devices to electric irons.

Fortunately, however, peacetime planning went ahead during the war. Experimentation and development work went ahead. And war-learned lessons in production and engineering were incorporated in appliance manufacturing plans. So today, with plans completed, your much improved home appliances are actually in production.

The information below is based on news given us by manufacturers. But we cannot, of course, guarantee that all home appliances will be available when planned. Material shortages or unforeseen factors may delay deliveries.

Ranges. Some range models—in limited quantities—are available at many neighborhood dealers now. Some may even be installed in time to cook that big Christmas dinner. Quantities should come in after the first of the year.

Refrigerators. The same situation that prevails for ranges holds true in regard to refrigerators.

Home Freezing Units may not be widely available before early Spring. Radical changes and improvements in design and construction have made much new manufacturing equipment necessary. But, if you're fortunate, you may be

able to secure a Home Freezing Unit shortly after the first of the year.

Vacuum Cleaners are on the way to neighborhood dealers right now. And while some dealers may not have them available for immediate delivery, they should be a bit more plentiful within the next month.

Irons are available in limited quantities now. Automatic ironers will probably be available by the first of the year.

Home Heating Units—some heating contractors have limited supplies now; should be generally available by late Spring.

Washing Machines, in some cases, are now on display. First deliveries should be made by December.

Smaller Appliances—waffle irons, toasters, clocks, etc., may be available by the last of this year—in sufficient quantities to make it possible for them to be given as thoughtful Christmas gifts.

Since many factors, as noted above, may delay deliveries it is suggested that you stop in at your Public Service Store from time to time for the latest information on appliances. Public Service and dealers will always welcome your visit, and will answer your questions to the best of their ability.

IS THE WAR OVER?

It isn't for the wounded and maimed of our country's armed forces. They must still receive the best of care—and that takes money. So your country asks that you buy Victory Bonds. Remember, you help your country, the men who served their country, and yourself, when you make the sound investment of a Victory Bond Purchase.

Jenniev Nevelier, Albert Sodman, Jr., Wed by Candlelight

At a candlelight service Wednesday evening at 7 o'clock in the Antioch Methodist church, Miss Jenniev Nevelier, daughter of Mr. and Mrs. Barney Nevelier, became the bride of Albert Sodman, Jr. Rev. Warren C. Henslee read the double ring service.

As she was presented at the altar by her father, the bride wore a gown of white frosted satin with a full skirt extending into a long train. Her fingertip-length veil was caught at the head with a Dutch crown of seed pearls, and her bouquet was of white roses and pompons.

Miss Elaine Burgett, Kenosha, who was maid of honor, was gowned in teal blue taffeta and carried a bouquet of Talisman roses, with matching plumes in her hair. The bridesmaid, Miss Gertrude Horton, wore a peach colored taffeta gown and also carried Talisman roses, with matching plumes in her hair. A flock of yellow silk was worn by little Miss Sandra Crittenden, niece of the bridegroom, who was flower girl.

Ralph Birky, Waukegan, attended the bridegroom, who is the son of Mr. and Mrs. Albert Sodman, Russell. Ushers were Jacques Koppen and Arnold Bolton.

Mrs. Nevelier wore a blue crepe gown and Mrs. Sodman was in navy blue lace. Both had corsages of red roses. Myrtle Hardtke sang "I Love You Truly" and "The Lord's Prayer." Hans von Holwede was organist.

The former Miss Nevelier, a graduate of Antioch Township High school, has been employed at the State Bank of Antioch.

The bridegroom, who recently received his discharge from the armed forces, is employed with his father at Russell.

After a brief honeymoon trip to northern Michigan, the couple will be at home to their friends at the Nevelier residence.

Janie . . .

(Continued from Page 1)

of a younger sister who, with Janie, helps her father to secure his longed-for priority at the very end, was portrayed by Nanci Lou Ellis. Jane Nelson and George Grunow as Tina and Rodney, the colored couple, helped to provide comedy relief, which was heightened by Janie's friends, Bernadine Dodd (Eleanor Schaefer) and Paula Rainey (Jeanne Saylor), and their respective friends, "Dead-Pan" Hackett (Roger Marz) and Mickey Malone (Kennedy Heuer).

The parts of the somewhat-dazed parents, Charles and Lucille Colburn, who find it difficult to realize that their children and their children's friends are growing up, were taken by Daniel Jones and Mary Jean McCann.

The parts of Andy, Frank and Oscar, three friends of Dick's who arrive at the Colburn home at an inopportune moment and are kept shuttling back and forth between there and the Nolan place while Janie waits nervously for her parents and Van Brunt and Thelma to leave for the Country club so the young people can play five records, roast wienies and empty the kitchen ice-box, were taken by Preston Reckers, Walter Hills and Phillip Burke.

Barbara Horton as Hortense Bennington; James Fields as Carl Loomis; Russell Myer as Joe Jerome, the former song writer who is now in the service, and June Kumpik, Delores Smoak and Geraldine Ryzko as "extras" completed the group of young folks who have such a good time at the Colburns that the neighbors add to Janie's woes by calling the police to quell the racket.

Duane Weber was seen as Dick's "Uncle Poodgie," the big priorities man from Washington who settles everything at the end.

The parts were well cast and appealingly portrayed, with outstanding performances on the part of some of the players.

The staging was attractive, and a great deal of care had been taken to provide a good background and adequate properties.

Library News

(By Marian Rigby)

"The Cherokee Strip" by Marquis James has been presented to the Antioch Library in memory of the late William H. Hansen. This autobiography is a lively and honest picture of a Southwestern boyhood. Mr. James has many amusing tales to tell of claim jumping and of running a newspaper in a small and raw Oklahoma town.

"Hercules, My Shipmate," by Robert Graves, is the story of Jason and the Argonauts in pursuit of the Golden Fleece and it is told in terms of high adventure and romance. The author of "I Claudius" outdoes himself in dramatic incident, fresh humor and an exciting cast of characters.

Robert Standish gives us a picture of the slow growth of Chinese unity in "The Small General." The Sung family lives on its own island in Ta Hu Lake near Soochow but their isolation is not enough to keep the Sung out of the current of events. Mr. Standish accents the Chinese viewpoint, so different from our own, and through the story we get an insight into a sort of individualism which we cannot help admiring, although that trait has been the source of much of China's trouble.

"The Gauntlet," by James Street, is the story of a young Baptist minister who, with his bride, goes to a small Missouri town to take over his first pastorate. Inexperience and all too human, London Wingo needs all his faith and fortitude to meet the responsibilities of his position. "The Gauntlet" has been described as a combination "Main Street" and "Elmer Gantry."

Andrew Roth believes that some Americans and Englishmen favor a peace formula for Japan which will provide only for a temporary truce. In "Dilemma in Japan," he pulls no punches in outlining the need to throw out the Emperor and his imperialistic partners. This book is an honest warning by a keen analyst of Eastern affairs.

An interesting report on work which Simon C. Edlmann's outfit did on Luzon has been received from the U. S. Navy's "Fleet Home Town News center" at 844 North Rush street, Chicago 11, Ill.

"Edlmann and other members of the 115th Naval Construction battalion have won commendation for their work at Luzon, where they were called up on to complete

emergency repairs and landing strips while exposed to large calibre shellings and Jap air attacks.

"Working in areas that had not yet been announced as 'secured,' the Seabees setup camp and radio facilities. Then, after the Japs had been driven out, they repaired the pre-war water supply for the area, and erected the major part of the buildings for that base.

"The Seabee outfit previously had seen action at Milne Bay, New Guinea, late in 1943. There, for four months, they worked around the clock, seven days a week, handling as many as 63 projects at the same time, and never falling short of a deadline on any of them.

"Records of the outfit show that at Milne, its members laid the equivalent of two square miles of concrete slabs, eight inches thick, and logged and milled more than one million feet of native lumber of all sizes in a single mill."

RECEIVES DISCHARGE ON HIS SON'S BIRTHDAY ANNIVERSARY

The second birthday anniversary of his little son, whom he had never seen, Oct. 25, was also the date on which Sgt. Henry E. Pape, Jr., received his discharge from the army.

Sgt. Pape entered the service Jan. 28, 1942. He went overseas July 21, 1943, and served in New Guinea, the southern Philippines and Luzon, arriving back in the States Oct. 10.

John Irving Walsh, a first class petty officer serving with the Seabees in the Pacific area, is expected home this week, after being overseas for two years. Word was received by Mrs. Walsh, the former Vileta Baethke, and his mother, Mrs. Daniel Walsh, that he was to leave San Francisco last weekend for Great Lakes.

He passed through Chicago Tuesday evening en route to the Naval Training station, and was able to take time to put in a call to Antioch then.

A new address has been received for T/4 Virgil A. Newlin—36670912, H & S Co. 333 Engr. Regt., Co. B, 167 Engr. (C) Bn, APO 633, New York.

NEW 1946 MODEL CHEVROLET

The Stylemaster Sport Sedan

The new 1946 model Chevrolet, shown above, is outstanding not only for style-leading design, but for quality in materials and construction, advanced engineering, proved performance, economy and dependability.

Every line and contour emphasizes the massiveness and lowness of the vehicle from front to rear. The new, distinctive radiator grille, shown at the right, presents an expanse of gleaming chrome-plated horizontal bars, framed within a low-arched molding. A model of classic simplicity, it tends to emphasize width as well as lowness.

Front-End Styling Accentuates Massive Low Lines

The Rev. and Mrs. Stanford Strosahl of Union Grove, accompanied by the former's grandmother, Mrs. Black of Iowa, were Sunday dinner guests of Mr. and Mrs. Arthur Cook. The C. V. Cooks of Brass Ball spent Sunday evening with the Arthur Cooks.

Mr. and Mrs. Byron Patrick and Ray Patrick called on Mr. and Mrs. William Kruckman of Burlington Sunday evening.

News of the Boys...

The Seventh (fighter) squadron of the First (fighter) group, with which S/Sgt. H. G. Arnold served overseas in the European area, has been disbanded.

From T/4 Cecil L. Anderson in Fuchinebe, Japan—

"A big batch of the 'News' came in a few days ago and I passed them on to George Nelson of Channel Lake, who is in the company. He's also from Chi., too, but you know how it is, h' h."

"I'm going home this month, so

they say, so shut off the supply of the 'News' as George is transferring and the company is going home with me in it.

"I'll see you when I get home about future arrangements, as MR. Cecil Anderson, I hope. I enjoyed the 'News' in the past, so-o?"

"I have little to say for Japan, or the Japanese, and less said the better, except for some of the picture postcard scenery."

Let's fatten the goose that lays the golden eggs!

The Payroll Savings Plan was born early in the war.

Millions of patriotic Americans hastened to join it.

We soon found out that, through it, we were not only helping to win the war, but saving money for ourselves. Saving money regularly, and pretty painlessly.

Many of us discovered, for the first time

in our lives, an absolutely sure way of putting aside a part of our earnings—of accumulating a cash reserve.

The war is over now.

Let's keep up this sure and easy way of saving money!

Let's maintain the hopes of financial independence—all the dreams that, through this plan of regular saving, are well on their way

toward coming true.

Let's fatten the goose that's laid the golden nest eggs for nearly 30 million people.

Let's keep on buying Victory Bonds. Let's keep on buying them through the Payroll Savings Plan.

And then let's hold those Bonds till they mature. Sounds like a sensible idea, doesn't it?

DALE BARNSTABLE IS ARMY BASKETBALL STAR

S/Sgt. Dale Barnstable, former Antioch Township High school basketball star, "will don the uniform of the 71st division's basketball team," according to a news release received from Augsburg, Germany.

"Barnstable was a member of the Fort Benning All-Stars which was considered one of the best soldier combines in the South last year.

"The team is composed of such basketball stars as Milt Ticco, All-American from the University of Kentucky; Bill Towery, professional All-Star from Fort Wayne; Art Mathisen, University of Illinois All-American; Andy Moroff, Northwestern university star, and others of basketball fame. The team boasts of a converted baseball star, Ewell Blackwell, who established himself as the leading hurler of the ETO this past season. Blackwell is the property of the Cincy Reds."

Sgt. Barnstable and four others who took part in a program for an Estonian committee in Germany were recently presented certificates of appreciation.

Barnstable also recently received a certificate of appreciation from W. C. Wooten, commander of the Fifth infantry, 71st division, for his achievements in track.

WARNING to All Car Owners

IF YOU CAN'T PAY FOR ACCIDENTS YOU MAY LOSE YOUR RIGHT TO DRIVE....

The minute you have an automobile accident in which any person is injured or killed or property damage exceeding \$50 occurs, you will come face to face with loss of your driving rights, under the new Illinois Motor Vehicle Financial Responsibility Law which takes effect January 1, 1946. This law requires that any driver or owner of a car involved in an accident must show that he has Automobile Liability and Property Damage insurance to cover the damage claims that may result, or he must post security up to \$11,000 to pay them.

INABILITY TO MEET THESE REQUIREMENTS WILL BE PENALIZED BY SUSPENSION OF THE DRIVING LICENSE AND CAR REGISTRATIONS HELD BY THE DEFAULTING PARTY.

Under these circumstances it is pretty obvious that unless you have plenty of money and property, and don't care if you lose it, the thing to do is to get Automobile insurance if you want to be sure of keeping your driving rights.

We can furnish such protection for you through the Hartford Accident and Indemnity Company. The Hartford is well known as one of the largest and most reliable Automobile insurance companies and a Hartford policy satisfies all requirements of the new law. Furthermore, Hartford Automobile insurance rates are still attractively low, despite elimination of wartime restrictions on speed and mileage, and the return of peacetime driving.

Let us tell you about Hartford advantages and low cost, and give you further details about your obligations under the new Illinois Motor Vehicle Financial Responsibility Law. We'll be glad to supply this information without obligation.
